G. A. & J. P. CHAPMAN, Editors.

The State Sentinel will contain a much larger amount of reading matter, on all subjects of general interest, than any other newspaper in Indiana.

THE SEMI-WEEKLY EDITION Is published every Wednesday and Saturday, and during the session of the Legislature, three times a week, on Tuesdays, Thursdays and Saturdays, at Four Dollars a year, payable always in advance.

THE WEEKLY EDITION Is published every Thursday, at Two Dollars a year,

always to be paid in advance. \$1 in advance will pay for six months. \$5 will pay for three copies one year.

* * Persons remitting \$10 in advance, free of postage, shall have three copies of the Semi-Weekly one year. \$2 will pay for six months. \$1 will always be charged for the Tri-Weekly, and 50 cents for the Weekly, during the Legislative sessions.

ADVERTISEMENTS, will be inserted three times at one dollar a square of 8 lines, and be continued at the rate of 25 cents a square for each additional insertion. Quarterly advertisements, per square, \$5. All advertisements from abroad must be accompanied by the cash; or no attention will be paid to them. Postage must be paid.

Electricity and Vegetation:

Many are sceptical as to the influence of Electricity and Galvanism on vegetation; but experiments are multiplying, so that we may soon expect to have some certain information on this wonderful subject. Malnought. If all be true that is alleged concerning the power of Electricity in increasing the productiveness of the earth, there is yet hope for the human race, Allison E W should they go on replenishing the globe, till they are Allison W E "thick as leaves in Vallambrosa."

Mr. Ross, not long since, presented to the Farmer's Andrews Henry Club, New York, a potato, grown under the influence | Adams Benjamin of the electrical current. Eperiments, recently per- Avery George formed in that State, show as the result, the growth | Bailey John of plants at the rate of three-fourths of an inch in Brown J F twenty-four hours. A tale is somewhere told, of the Bronson C V complete growth of cresses, between the first and last Bartlett Archer courses at a dinner table. This is wondrously like a Brown James

But, when all mankind is quickening its pace, why Buckehen B R should not all nature take a start too! Animals go Butler M by steam: why not vegetables by galvanism? If Baxter Jno W things progress, we shall soon see the tender corn bower Mrs A peeping out the hill, straightway walking upwards, Britton John G gradually evolving the grain, and shooting out the Budwistle Mis Ann silk and weaving the husk, all while we are looking Baker Christopher

In Edinburgh, they are experimenting on a larger Baker Littleton H scale. They measure off, says a correspondent of the Bulger J H American Agriculturist, an oblong space of ground, Bryan Luke and running through the middle north and south, sus- Boyd Wm H pend on posts an iron wire, so as to hang about 12 Barnett T J feet from the surface. At each end, this communi- Brasfield Jm cates with a wire laid under the ground, along each Chamberlin Mrs J J side of the plat, at the depth of two or three inches. Cozait Mary The result is, the electricity shoots down, the tender Curry Lucy plant shoots up, grows tall, richly green, and every Cooper Jos Crump Mrs Ester thing in the neighborhood looks sickly in the compar- Coleman Jm

A Mr. Foster of Morayshire, raised on a wire plat Clark Joseph of 25 square rods, barley at the rate of 104 bushels Chambets Joseph per acre, and straw equal to 9,390 lbs per acre!! At this time electro-agricultural conventions in Crump Allen D

Scotland, are becoming quite fashionable.

"It is to be supposed that under this new system of Caylor Joseph feeding, our crops will surpass the quantities of our Clark Marsh wildest dreams; twenty years hence, we shall wonder how we ever considered SO bushels of wheat to Denny Miss Martha the acre a large crop, or how we ever looked upon a Delavan Jerome B turnip weighing 15 lbs. as respectable. Mr. Ross's Diety John potato no doubt felt lonely; had there been others Daley Denois near to encourage it, it would unquestionably have Davenport Martin been 7 inches in diameter, rather than 7 in circum- Dodson Samt ference. When the people of this country become Diety George fully imbued with these ideas, we may expect to see the whole island studded over with posts, and travers- Evans Henry B ed by iron wires; and if Ireland does not follow the Edwards Wm example, she will lose her name of the Emerald Isle, Emry Henry being entirely eclipsed by the superior verdure of Ethson Lydia England.

"America will not fail to follow so laudable an example, and there will shortly be as great a strife for Feyd David electricity as there is now for guano. Deeds of pro- Fry Miss Rebecca Fletcher Jas P perty will include the right to collect it, and law-suits Fox Rainy will contest the right of taking it from rivers and Frazier Isaac lakes. Lecturers will not get enough to show their Fisher Henry classes, without paying heavily for it. We shall Fleck David have no more thunder-storms, as the electricity will Footson George all be converted into food before enough can get to- Francis Miss M gether to make a flash of lightning; even a black cat's back will cease to give forth spacks when strok- Gibson Andrew ed the wrong way, in the dark !

Raising Pork.

Every farmer knows full well that if he has to win- Hutton J M Huffman J ter his pigs, even in the most fertile of corn coun- Hornor Jacob tries, and cannot get over three cents per pound for Hadisty Juo pork, he is losing money; how important then that Howard Harding he keep such a breed of swine, and feed them so well Huston Sampson that he can bring the pigs, dropped early in the Harding A L spring, to weigh from two hundred to three hundred Hawkins Juo V pounds in December and January. Let people say Holmes Wm what they will about the necessity of having old hogs Hunt Jno to make a thick cut of clear pork on the ribs for pack- Hanums Juo W ing, we know this is all gammon. We have seen Hume A C many a pig, well fed from his birth, that would weigh Houston Samt full two hundred and twenty pounds and cut four Heaton Eliinches thick of clear pork on his sides at nine to ten months old; and heard of others weighing three hun- Jennison Jno dred pounds and cutting five inches. Now this is all Jenkins A W that is necessary for the navy or Boston fishermen, Jeninger Elizabeth and more than is desirable by consumers in general. John Wm L Our best market for pork is England, and the people Jenkinson Thomas there prefer it from hogs weighing not over one hun- James Elijah dred and seventy-five to two hundred pounds, and like Kenover Catharine the lean well mixed with the fat. We would never Kempt David winter anything but breeders of the swine family, Knatzer Henry and the moment the pigs were dropped we would com. Kinder T B mence shoving them with feed till ready for the knife. Kill Jos W The farmer who pursues this course will make from Keiley John thirty to sixty per cent more on his pork than those Keely Saml who winter their spring pigs. As for autumn pigs, Kilbum James we would not have them. Let the sows breed but

Three or four years ago we prophesied that the Lancester Robt low price of pork would soon make it scarce, and Langsdale Joshua now it is a fact; and, by and by, when choice boars 36 will be wanted to improve the breed, they cannot be had, for our farmers are growing careless again in their stock, and breeding helter skelter in every direction. A pig is getting to be a pig once more, with long nose or short, sharp back or round. We advise all those who have good hogs to keep them so. Don't sell and fat the best, keep them for breeders, and fat and sell the poorest. In this way one will be continually improving, and in any event he will have a manent, great care was had in the selection of the goods.

The subscriber would most respectfully invite the citizens of Indigood breed on hand, always ready for his own use and anapolis and of the surrounding country to call at the City shoe the benefit of a cateless neighbor. - American Agri- Stole, and examine his assortment, and the prices at which he is of fering them for sale, before making their purchases elsewhere, as he

A GENERAL assortment of common, and some of ware, for sale at SMITH & HANNA'S.

PROSPECTUS of the 7th Volume of the MADISON COURIER.

IN accordance with the solicitations of a number of the Democratic citizens of Jefferson and the adjoining Insane Hospital, two miles west of Indianapolis, viz: The inland postage on all letters or papers for counties, the undersigned has consented to take upon himself the editorial management and publication of the Madison Courier, (his connection with the establishment commencing with the first number of the 7th volume,) which will be issued on Saturday, the 25th day of October next, and he now presents to the public his appeal for a

those principles which, if properly carried out and supported, cannot fail, it is believed, to insure to the people of and edge to be dressed.

Banks and Government - the re-establishment of the The rafters may be included in the above.
